The Academy at Liberty Resources is a pre-vocational training program which helps people with disabilities build the skills to be competitive in today's workplace. Founded because people with disabilities are the largest group of unemployed Americans, The Academy is committed to driving up employment for people with disabilities, including veterans.

Located in Center City Philadelphia—right off of the marathon's course! — our programs are custom designed, fully accessible, and meet a diverse labor-market niche. The Academy is a program of The Sierra Group Foundation.
